In our phone conversation yesterday, we discussed replacing your presently installed 416 System, Model 33 ASR Teletypewriter. The two options that exist are to replace the existing Model 33 with a new Model 33, or upgrade to a Model 35. Also the addition of a paper tape punch to the system was discussed.

The prices for the above mentioned expansions along with estimated delivery times are as follows:

<u>Item</u>	<u>Qty.</u>	<u>Description</u>	<u>Purchase Price</u>	<u>Estimated Delivery</u>
1.	1	ASR-33 Teletype	[redacted]	45 days ARO
2.	1	ASR-35 Teletype		60 days ARO
3.	1	Paper Tape Punch including interface		60 days ARO

STAT

The installation charge for Items 2 and 3 is [redacted] each minus [redacted] if installed simultaneously. Item 1 would have no installation charge since it merely involves plugging in a cable.

The [redacted] records maintained on your system indicate that the hardware revision level of your system is "D" and there may be necessary revision upgrades in order to add the desired expansion items. The cost of these revision upgrades can be quoted at some later date.

The Series 16 Summary Description Manual that I mentioned is enclosed. Should you have any questions, please call me.
